(Verse)

You're so dear you light my way  
Meeting you my best day  
Time spent with you forever near  
Memories cherished crystal clear

(Chorus)

You're my everything my guiding light  
With you everything feels right (In your presence)  
In your presence my heart's aglow  
With you, forever I'll grow

(Bridge)

Every moment a treasure to hold  
With you life's stories unfold  
Together we face each day  
In your love I'll always stay

(Chorus)

You're my everything my guiding light  
With you, everything feels right (In your presence)  
In your presence my heart's aglow  
With you, forever I'll grow

To you, my love, this I say  
With you, forever, I'll find my way  
In your arms, I'll always be
